

Bilateral Agreement CNR / NRF
Joint Research Projects 2022-2023
Final Report

Considering the Joint Bilateral Agreement signed on September 24, 2012, the joint call for the bilateral project program launched on April 14, 2021, both Parties have jointly decided to fund, within the framework of the future joint program, 3 projects granting 10.000 Euros per project for 2 years.

After the evaluation procedures performed independently by both Parties, the assessed projects obtaining the highest scores have been taken into account.

The Parties agreed to finance the following proposals included in a final ranking list:

Joint Research Project	Italian Institution	Korean Institution
"Dye-sensitized photoelectrochemical cells for sustainable artificial photosynthetic processes"	Dr. Lorenzo Zani Institute of chemistry of organometallic compounds	Prof. Hyunwoong Park Kyungpook National University
"Experimental evaluation of new low greenhouse effect refrigerants for heat pumps applications"	Dr. Sergio Bobbo Construction technologies institute	Prof. Min Soo Kim Seoul National University

Joint Research Project	Italian Institution	Korean Institution
"Non canonical & non housekeeping functions of RNA splicing factors in plants"	<p>Dr. Giorgia Batelli Institute of plant genetics</p>	<p>Prof. Byeong-ha Lee Sogang University</p>

for the

National Research Council of Italy

Dr. Virginia Coda Nunziante

Head of International Relations Office

for the

The National Research Foundation of Korea

Dr. CHOI, Yeun-soo

Director, Office of Global Networks
