

**Final Report of the Joint Bilateral Agreement CNR/ IDEA GTO
(Guanajuato State, Mexico)**

Biennial Programme September 2022 – September 2024

Considering the General Agreement signed on December 22, 2021, the joint call for the bilateral project program launched on May 11, 2022 and a recent exchange of emails between the Instituto de Innovación, Ciencia y Emprendimiento para la Competitividad (IDEA GTO), Guanajuato State, Mexico, and CNR, both Parties have jointly decided to fund, within the framework of the future joint program, up to 2 projects granting 20.000 Euros per year for 2 years.

At the deadline fixed by the call, 4 proposals have been submitted to both Parties.

After the evaluation procedures performed independently by both Parties, the assessed projects obtaining the highest scores have been taken into account.

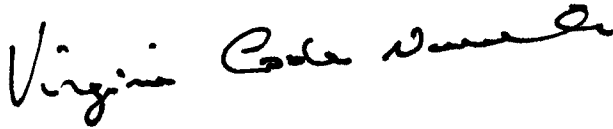

The Parties agreed to finance the following proposals included in a final ranking list:

Joint Research Project	Italian Institution	Guanajuato State Institution
Fighting stressors with symbiotic microbes, protective volatiles and DNA-vaccines for regenerative agriculture	Dr MICHELINA RUOCCO Istituto per la Protezione Sostenibile delle Piante (CNR-IPSP)	Dr MARTIN HEIL Departamento de Ingeniería Genética, CINVESTAV - Irapuato
Correlation of physicochemical and sensory properties to the response of nanofunctionalized fiber optic sensors in wines produced in Guanajuato	Dr STEFANO TOFFANIN Istituto per lo studio dei materiali nanostrutturati (CNR-ISMN)	Dr MARCO BIANCHETTI Departamento de Estudios Multidisciplinarios, Yuriria, Campus Irapuato Salamanca, Universidad de Guanajuato
